

A PRAYER FOR THE NEW YEAR

Cosmic Mystery

That brought life into being so many millenniums ago

Bless us mere mortals here and now

With the needed grace, wisdom and courage

That we may care for our planet

That we may care for our fellow humankind

That we may care for the plants and animals

That we may work towards the end of war, genocide, poverty

That we may work towards justice and peace and equality

That we may follow the path of Jesus, our Mentor and Model

In all that we think, all that we say, all that we do, and all that we share

Let his path lead us into the "reign of the Kingdom"

In this Year of Our Lord, 2013

AMEN
