

Agnus Dei

By Reyanna Rice

Lamb of God

You come to heal
Our broken world
May we always know your mercy

Lamb of God
You come to heal
Our broken world
May we always know your mercy

Lamb of God
You come to heal
Our broken world
May we always live in your ways of peace

Bread of life,
You come to feed
Our deepest hunger for you
May we always know your mercy

Bread of life,
You come to feed
Our deepest hunger for you
May we always know your mercy

Bread of life,
You come to feed
Our deepest hunger for you
May we always live in your ways of peace

Cup of Love,
You come to quench
A burning thirst for harmony in our lives
May we always know your mercy

Cup of Love,
You come to quench
A burning thirst for harmony in our lives
May we always know your mercy

Cup of Love,
You come to quench
A burning thirst for harmony in our lives
May we always live in your ways of peace

Word made flesh
You come to teach
That we are holy beings
And we are all one body in yours
May we always know your mercy

Word made flesh,
You came to teach
That we are holy beings
And we are all one body in yours
May we always know your mercy

Word made flesh,
You came to teach
That we are holy beings,
And we are all one body in yours
May we always live in your ways of peace

Child of God,
You come to pray and sing
About your abba, daddy, our father
May we always know your mercy

Child of God,
You come to pray and sing
About your abba, daddy, our father
May we always know your mercy

Child of God,
You come to pray and sing
About your abba, daddy, our father
May we always live in your ways of peace.

Prince of peace,
You come to show us
How to live a life of peace with one another
May we always know your mercy

Prince of peace,
You come to show us
How to live a life of peace with one another
May we always know your mercy

Prince of peace,
You came to show us
How to live a life of peace with one another
May we always live in your ways of peace

AMEN
